Experience all the thrills and excitement of proffessional world chamionship snooker on your home computer.
3D Snooker is a snooker simulator like no other, its many features include:

- 3D VIEW: Never before seen on a snooker simulation.
- Use yor snooker skills against the computer or challenge a friend to a 21 frame tournament.
- Multi-speed shots, and multi skill-level gameplay.

These elements and many others combine to produce, what is probably one of the most realistic, and challenging simulations on the market.
